Web Designer • Mohali, Punjab, India • Full-time

Smarts Bee • 01/2017 – 10/2018

- Successfully initiated my career by independently developing a variety of static websites, employing cutting-edge technologies such as Bootstrap, Custom CSS, and SASS/LESS to ensure modern and visually compelling user interfaces.
- Proficiently utilized Photoshop for image editing and mockup creation, showcasing a keen eye for design and attention to detail in crafting visually appealing and cohesive website layouts.
- Demonstrated problem-solving skills by identifying and resolving UI bugs, ensuring a seamless and consistent user experience across different browsers, thereby enhancing the overall website performance.

PROJECTS

Medicate

Medical Platform

As a project lead for 'Medicate,' I successfully conceptualized, designed, and implemented a feature-rich website. Harnessing the power of HTML, CSS, jQuery, and Bootstrap, I crafted an engaging and userfriendly interface. The integration of the swiper slider plugin enhanced the site's visual appeal and user experience. My commitment to accessibility and responsiveness is evident in the seamless performance across various devices, ensuring a user-centric experience. 'Medicate' stands as a testament to my skills in creating dynamic and cross-browser compatible web solutions.

Dilan Consultancy

Consultancy Services

As the key contributor to the 'Dilan Consultancy' project, I demonstrated my proficiency in web development by leveraging WordPress alongside the Advanced Custom Fields (ACF) plugin. Through a strategic blend of HTML, CSS, Bootstrap, jQuery, and the sleek functionality of Slick Slider, I meticulously crafted an interactive and visually appealing website. My role involved not only implementing robust technical solutions but also ensuring a seamless user experience and responsive design. 'Dilan Consultancy' is a testament to my ability to integrate diverse technologies and deliver a polished and dynamic web solution within the WordPress ecosystem.

Tronx

E-commerce Services

- Tronx serves as a showcase of my proficiency in FullPage.js, Slick Slider, and CSS animation, reflecting my commitment to crafting dynamic and responsive web solutions.
- Leveraged HTML, CSS, jQuery, and FullPage.js to create a dynamic and visually engaging website.
- Applied advanced CSS animations to bring the website to life, adding a layer of sophistication and interactivity to key elements.
